REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

DuBose Middle School is located in the northern part of the district in the Knightsville area. The mission of DuBose Middle School is to provide a safe environment where all students can learn at their highest level. Our vision is to provide each of our students with the skills necessary to become productive citizens through the provision of a nurturing environment with rigorous and relevant learning, and to provide an environment where staff, parents and community work together to provide challenges and opportunities for each student to reach their full potential. DMS received an absolute rating of Good on the 2013 school report card. This year the student body demonstrated their academic abilities during the SPAWAR Dimension U Math competition, Math Counts, Low Country Quest Competitions, Quiz Bowl, spelling bees, Storm the Citadel Trebuchet Competition, and other academic competitions. Our band and chorus received superior ratings in statewide competitions. Our steel drum band is the largest middle school steel band among public schools in the nation. They received a superior rating and 1st place in the middle school steel drum category at the Music USA Festival in Orlando, Florida. Our athletic teams continued to excel as the runners-up in district playoffs in volleyball, baseball, wrestling and softball.

DMS continues to try to close achievement gaps in all academic areas. Analysis of our 2013 SCPASS scores and other assessment data shows that our students are progressing. We use the Scholastic Read 180 program in all grades to address the needs of struggling readers and the Do the Math Now curriculum for those struggling in math. Instructional technology is used with SMART Boards, wireless laptops, MP3 players, iPods and computer labs. We also use the Compass Learning Program and Insiders Courtyard tutoring to assist students to achieve at their own pace. Assessment data is used to identify areas of students’ strengths and deficiencies. We continued to communicate with parents by utilizing the web-based Parent Portal in Power School. Parents can access students’ grades, attendance, discipline and other student information through this system. ParentLink communication system and weekly classroom and homework agendas are also used to keep parents informed and involved in their students’ learning. The school website, parent focus meetings, and a text messenger service are used to address the challenges of home-to-school relations. Teacher professional development continues to focus on best instructional practices that include differentiated instruction, explicit direct instruction, Target Teach, and ENI formatted lesson plans to help address the varied needs of our students. Implementation of technology initiatives and differentiated instructional practices were a continued focus of our staff development this school year. The DMS faculty, staff and students continue to show their P.R.I.D.E. every day.

Christie O’Rear, Principal Pennie Folden, S.I.C. Chairperson
